COMMUNITY INPUT SESSIONS

COMMUNITY DIALOGUE ON THE CONDITIONS OF FACILITIES AND DISTRICT ORGANIZATION

The Vicksburg Warren School District is holding community input meetings related to a study being done concerning the facilities within the district and district organization. Bailey Education Group, LLC is working with us to complete the study and they would like to hear from the community on their opinions concerning the conditions of facilities and potential organization options to improve the facilities to meet the educational needs of the district. These are brainstorming and visioning meetings to share data but mostly to seek input.
